# Ultimate Image Carbonless Papers

## Put the Most Durable Image on the Brightest Sheet to Work for You

When it comes to carbonless papers, why settle for anything but the best and the brightest choice on the market? Independent laboratory testing proves that *Ultimate Image* delivers the darkest and the most fade-resistant image in the industry. Combine that superior image with the brightest base stock available and it all adds up to exceptional readability that lasts.

See our fast image formation, solid color intensity, and crisp lines for yourself. Then put *Ultimate Image* on press to witness its outstanding performance and trouble-free bindery. You'll never settle for ordinary carbonless papers again.

### Innovative Technology Delivers Unsurpassed Performance

- Crisp, intense image
- Industry-leading fade resistance
- Brightest base stock
- Unmatched readability
- 100% satisfaction guarantee

Since 1961, Nekoosa has pioneered virtually every innovation in carbonless papers. Thanks to our leadership in precision coating, microencapsulation, and imaging chemistry, customers count on our groundbreaking carbonless papers. Today, third-party laboratory tests confirm that Nekoosa delivers the finest, most durable image available anywhere.

Independent laboratory tests were conducted on 20# grade. View complete laboratory reports at [www.nekoosacoated.com](http://www.nekoosacoated.com).
